

3-STEP HEAVY-DUTY FOLDING SAFETY LADDER

Product Name	3-Step Folding Safety Ladder	Load Capacity	300 KG
Net Weight	4.82 KG	Material	Imported Engineering Plastic (PP/ABS)
Gross Weight	5.56 KG	Carton Size	48 x 22 x 79 CM
Overall Height	72 CM	Platform Height	59 CM
Front Base Width	47 CM	Side Base Depth	59 CM
Top Step Depth	20.5 CM		

KEY FEATURES & SPECIFICATIONS

- **High-Impact Structural Polymer:** Injection-molded using ultra-durable imported engineering plastics, ensuring optimal strength-to-weight ratio and fatigue resistance.
- **Industrial-Grade Load Capacity:** Rigorously rated for up to 300 KG, delivering absolute stability for demanding maintenance and warehouse environments.
- **Enhanced Footing Ergonomics:** Features an extra-wide top step depth of 20.5 CM with aggressive anti-slip tread textures and stable non-marring rubber feet.
- **Lean Space Optimization:** Clean foldable layout for rapid deployment, high transport density, and minimal spatial footprint in tool cribs or logistics setups.
